Washington, D.C. 20231

Sir:

RECEIVED  
JAN 22 2003  
TECHNOLOGY CENTER 1700

Pursuant to 37 C.F.R. §1.121 as amended effective 7 November 2000,  
Applicants present herewith marked-up text of the claims of this application as  
amended by the foregoing amendment.

1. (Once amended) A fully baked flatbread product comprising a fully baked flatbread made with a formulation including corn syrup and glycerine of a desired shape and having a water activity of about 0.80 to about 0.85 which gives the flatbread product a soft texture, wherein the soft texture can be maintained, when sealed in an inert atmosphere and stored at ambient temperatures, for periods of at least 6 months without the use of anti-fogging agents [or] and pyrrolidone-containing additives.

15. (Once amended) A shelf stable kit for making a Mexican style snack or meal, said kit comprising a carton, at least one fully baked flatbread product; and one or more other food components; a plurality of containers within the carton to hermetically seal the flatbread product and the one or more other food components from atmosphere external of the carton; wherein the flatbread product is made with a formulation including corn syrup and glycerine and has a water activity in the range of about 0.80 to about 0.85 which gives the flatbread product a soft texture, wherein the soft texture can be maintained, when sealed in an inert atmosphere and stored at ambient temperatures, for periods of at least 6 months without the use of anti-fogging agents [or] and pyrrolidone-containing additives.
